

How we will stay safe together

The Government has decided that levels of Covid19 are low enough that we can meet together face to face!

What we will do

- There will be a maximum of 6 people in each session including staff and volunteers
- We will put marks on the ground to make sure that people stay 2m apart at all times
- No food, drink or equipment will be provided by us
- Everyone will have a separate arrival time 5 minutes apart so that people don't arrive all at once
- The session will take place away from busy paths or areas

What you need to do

- Keep 2 metres away from everyone else apart from people in your household at all times
- Bring:
 - a blanket or something to sit on
 - anything you want to eat or drink
 - any toys or materials you need for the session
 - alcohol hand gel
- Make sure you use the toilet before you leave home

Please do not:

- come to the session if you feel unwell or have felt unwell in the past 2 weeks
- come to the session if you are in a high-risk group
- sing or shout or do anything that leads to breathing heavily
- share food, drinks or any items with others in the session

Facemasks

- Government guidelines state that facemasks are only required indoors
- We will therefore not be asking people to wear facemasks
- If you decide you want to wear a facemask you are welcome to do so

Children

- We love it when children come to our activities but it can be hard for them to socially distance
- Please only bring your children if you are 100% sure that they will maintain a 2m distance from other people in the session.

If you are unable to do this, please do not come to the session.

If you do not keep to these guidelines at the session we may ask you to leave.

Whilst we will take the above steps to reduce risks, you remain responsible for your own safety. If you are not comfortable with a situation at a session please do feel free to leave at any time.
